The Culinary Ministry

The Culinary Ministry has been serving an average of 75 meals to the community on Thursdays each month since September 2024. These dedicated ladies and gentlemen minister to people in the community of all ages and ethnicities. They not only serve healthy and delicious meals but also supply needed clothing during the winter months. The Township has also supplied food bags for those who come to St. John. Food service will resume in September 2025. The Culinary Ministry also serves the repasts at St. John! Congratulations for a job well done and thank you for your service!
